About Me

I am a motivated and dedicated B.Tech student specializing in full-stack web development and machine learning. I enjoy building practical applications and solving real-world problems through code. I am continuously expanding my technical skill set and am eager to contribute to meaningful projects, collaborate with teams, and grow as a software developer.

Education

B.Tech – Parul Institute of Engineering & Technology 2024 – 2027
Current CGPA: 7.83

Diploma – M S U Polytechnic 2021 – 2023
Percentage: 67.37%

10th – Dayaram Sardar Mandir GSEB Board
Percentage: 74%

Technical Skills

Programming Languages: C, C++, Java, Python, JavaScript

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

Databases: MongoDB, MySQL

Libraries & Frameworks: OpenCV, TensorFlow, Pandas, NumPy

Tools & Platforms: Git, GitHub, VS Code, Postman

Projects & Learning

- **Product Catalog Management System**
  Full-stack CRUD web app using React.js, Node.js, Express.js, and MongoDB, with a responsive UI for managing products.
- **Facial Age Detection using CNN**
  Deep learning model (TensorFlow, CNN) to predict age from facial images, using OpenCV for preprocessing and NumPy/Pandas for data handling.

Certifications

- Certification in **Computer Networks and Internet Protocol** – NPTEL

Strengths & Interests

- Quick learner, self-motivated, and able to work independently with strong teamwork and communication skills
- Ability to break down complex problems and find effective solutions
- Exploring new technologies and trends in AI and web development; contributing to open-source and personal coding projects
- Competitive programming and problem solving on online platforms

Languages

Hindi — Gujarati — English
